**Subject: LETTER OF CONFORMITY** - CE Marking for Safety Isolating Transformer,  
Model ME 50011

A sample of the subject transformer was tested to the safety test requirements of EC Low Voltage Directive (2006/95/EC) at the manufacturing location by us and the test results comply with the requirements. Test report vide 20081080101 is enclosed.

Model ME 50011 has the following specifications:

Primary input : 230 VAC  
Secondary Output : 50 VAC  
Rated Current / Power : 10A / 500 VA  
Protection : Class II  
Protection degree : IP 00

After preparation of the necessary technical documentation as well as the conformity declaration the **CE** marking can be affixed on the product and **on all products of the same type that has been identically manufactured.**

The letter holder is responsible to ensure that subject product meets any other applicable directives as may be applicable and for the consistent manufacturing of the product in compliance with the test sample submitted to us.

Sincerely,

**V. Ramesh**
