

## PROGRAMMABLE POWER SUPPLY FOR LED LIGHT PANEL - RANGE (80 W TO 120 W)

### LEADING ELEVATOR INTERIOR ACCESSORIES MANUFACTURER IN INDIA

## Welcome To Miracle Electronics

Born in the year 1994, Miracle Electronics is a renowned Transformer manufacturer in India, engaged in manufacturing Power transformers, Toroidal transformers, EI transformers, SMPS transformers, Medical Isolation Transformers.

We also manufacture the finest quality Wire & Cable harness, Electronic Box assemblies, Inductor Coils in India,

with customers across the globe. Today we boast of Asia's best quality transformers, inductors, wire harnesses in India. We are today, one of the market leaders in the segment we operate and have an unarguable commitment to quality and innovation.

## We manufacture wide range of Box Build Assemblies for elevators

We ensure that our product works great and looks great too.

A majority of our clients require a final assemble for their innovative products, which need to be a true reflection of the encased product itself. Miracle proudly and efficiently caters to this requirement.

Miracle Electronic offers various options to Clients who require Box Assemble. We provide designs and finishing services for Surface Mount, Through Hole Assembly to Cable Manufacturing, Panel Wiring and Complete Cabinet Assembly.

## Miracle Electronic's Box Builder Assembly: It's a complete package.

We are dedicated to lean manufacturing techniques in all of our operations, including Box Build Assembly. We have numerous dedicated box build assembly work cells that assist in continually maximizing our efficiency and constant improvement of our processes through enhanced operator knowledge and experience.

Miracle Electronics undertakes requests for custom design and development of Box Assembly Systems. Please contact our Customer Sup-
